Every Farmer Needs a Ford

YOU don't hesitate to own a binder for a few day's use per year—to save time. Why not a Ford for use day or night every day in the year?

- to save time that can be better used in productive work.
- to keep you in close personal touch with markets.
- to handle light produce to town.
- to bring out help to your farm.
- to keep the boys contented on the farm.

The sturdy Ford is the farm car you want for dependable power, endurance, simplicity and economy.

We render Ford Service and sell Genuine Ford Parts.

NIGHTNGALE NEWS

200 ATTEND THANKSGIVING SUPPER

Last Thursday evening a very enjoyable Thanksgiving Supper was provided by the ladies of the Union Church. The supper was served down to tables, and the way each one comported himself, paid high tribute to the culinary ability of those who prepared the repast. Following the supper a good programme was

given. The artists were called upon, the chairman, Rev. J. H. Gordon, asked the audience if they would like to have a lending library in Nightngale. A show of hands spoke in the affirmative. A resolution was passed to form such a service. Arrangements are being made that a library may soon be available.

Another question put by the chairman was, "Is there any objection to the formation of a literary club or community club or literary society?" The enthusiastic response revealed that something of this nature was needed. A motion was passed that the present organization be dissolved and the resulting in the following officers be elected: President, Mr. Claude Jones; Vice-President, Mr. J. G. Ged; Secy-Treas., Mr. John Cameron; Chairman Literary Committee, Mrs. D. M. MacKenzie; Chairman Social Committee, Mrs. Ayres; Social Committee, Mrs. Ayres; Mrs. Otto; Mrs. Dukes; Mrs. Gilchrist; Mrs. Duncan; Mrs. Wilson; Chairman Children's Library; Lecture Committee, Mr. W. Hatt.

The entertainment programme ended with the school children and community singing "Caledonia," followed by a solo, piano solo, duet, and a solo, Mrs. Thurston, Mr. Plesner, Misses Hilton and Gauthier, Mr. H. Griffith, Mr. W. Hatt, Mr. Booth, Misses Lembert. The meeting broke up at about midnight, everyone leaving in high spirits, excepting what they said was one of the few evenings they had ever spent in Nightngale.

ANNOUNCEMENT

There will be a meeting of the executive of newly appointed Literary Society at the Hall, Nightngale, at 8 p.m., Friday, November 18th, 1921. Members of the executive: Mr. Dukes, Mr. Ged, Mr. Hatt, Mr. Cameron, Mr. W. Hatt, Mrs. Thurston, Miss Plesner and Mrs. MacKenzie.

There will be a meeting of the Library Committee at the School at 7:30 p.m., Friday, November 18th, 1921. Members of the Committee: Mrs. Gordon, Mr. Fred Hilton, Miss Spiller, and Mrs. MacKenzie.

Services in Union Church on November 20th at 2 p.m.: Sunday School, Mrs. MacKenzie; Sup. 2 p.m. Public worship, sermon by Rev. J. H. Gordon.

Facts Regarding The Grain Business

By CHARLES BURKITT
(Special to the Standard)

Article No. VIII
LOADING PLATFORM

The Board of Grain Commissioners has jurisdiction over loading platforms at your shipping points. If your platform is not in a good condition, or is in a dangerous condition, you should immediately take due manner up with the Secretary of the Board of Grain Commissioners, Fort William. The Canada Grain Act provides that any platform or loading point owned by ten or more resident farmers who may live within twenty miles of the shipping point, the Board shall consider the application. If it meets with the approval of the Board the platform can be used by the railway companies to erect a new platform of a certain dimensions, and add an extension to the existing platform or have the platform moved to a more suitable location.

The Board has authority to require the payment of a fine of \$100 for May and the 1st of November. From November to May, during the winter months, the Board has not the power to order the erection of a new platform or the extension of an existing one.

The Board has authority to require the payment of a fine of \$100 for the extreme cold weather and the heavy movement which makes it practically impossible for the railway companies to change existing facilities.

The railway companies can erect new platforms or change the location within thirty days after the receipt of an order by the transportation company from the Board of Grain Commissioners.

The Board has no power to order the erection of these platforms unless where there is no station or siding approved of by the Board of Grain Commissioners, Ottawa.

The Board has authority to require the payment of a fine of \$100 for the loading of grain as requested so as to be ordered built must not exceed 10 feet in length nor 24 feet in width.

The platform can be used by the shippers of grain free of charge and the railway companies are compelled to furnish these platforms for the loading of grain as requested so as to

the loading of grain is required with the reason for the erection of these platforms. The shippers are still subject to the payment of elevator charges and the mixing of their grain with other grain. This is not the case where a farmer has his grain in his own bins with no exception, as in this case the savings of elevator charges the farmer has certain work to perform. He must secure the car himself, have the grain loaded, and have the grain delivered to the elevator. This is no task, make out the Bill of Lading and attend to all details in connection therewith.

There are approximately 2,600 loading points in Western Canada in the present time and about 25 per cent of our grain is shipped over them rather than through country elevators.

The rate for special graded grain has been increased recently 25¢ per bushel. This means that for each bushel the farmer will save \$25.00 elevator charges by utilizing the loading platforms.

Our next article will deal with travel expenses.

Mr. Butler will answer questions on this subject addressed to him through the medium of this paper.

Calgary, Alta.—Four prominent farmers in Calgary have provided the necessary funds and with a thousand others have now subscribed to the \$100,000 house to be erected for \$25,000. The house is nearing completion and the buildings are well within their original estimate.

Vancouver, B.C.—Two thousand ten bushel grain elevators for the season 1921-22 have been loaded for the United Kingdom here to go toward early in November. A big load of wheat is shipped through Vancouver. Canada is making a new departure in grain shipments from this port in the sending of seven thousand tons of sacked wheat to Japan.

MEMORIAL HALL SUBSCRIPTIONS

The following subscriptions to the Memorial Hall Building Fund have been received since last June:

W. C. Kryett	275.00
W. C. Thompson	150.00
P. Simon	5.00
T. Torrington	12.00

The Man of the Hour

In this hour of Canada's most acute national crisis, the country's greatest need is leadership—not class leadership, not sectional leadership, but NATIONAL leadership. A pilot must be chosen possessing the necessary courage, foresight, breadth of vision and determination to lead the nation safely out of the existing economic uncertainty.

And one man stands out head and shoulders above all others as pre-eminently fitted for the task.

Born on a farm near St. Mary's, Ontario, Arthur Meighen is a true son of the people, a toiler who has fought his way to eminence by sheer ability and force of intellect. Entered Parliament in 1908; appointed Solicitor-General in 1914; Minister of the Interior in 1917; and Prime Minister in 1920.

At the Imperial Conference he was acclaimed by the Press of Great Britain as a great statesman, as a strong, virile, vigorous personality—alert in mind, keen and far-sighted in judgment, and with a fearless determination to stand for the right.

Professor A. D. Skelton, of Queen's University, and biographer of Sir Wilfrid Laurier, wrote of the present Prime Minister:—"He has already given proof of high administrative capacity. His personal integrity is beyond question."

Of himself, Arthur Meighen said to his constituents the other day:—"You know where I stood on this issue in 1908, in 1911, and as in 1911 I stand to-day."

Strathmore & Bow Valley Standard

H. W. Wood Addresses Strathmore Electors

(Continued from front page)

his production to the local market and not to the demand of manufactured wood. He gives 150 to 200 pounds of raw wood for a pound of the final product.

One voter in his district had told him he took 50 pounds of wood and \$10.00 to buy the salt he had in his house.

A few days ago the sales of his boats were cut, and he got a pair of half soles put on. It took three pairs of soles to make a pair of half soles. All of this had grown up under the system of modern industrialism. Modern industrialism was the most efficient thing that had ever come into the world, but it had brought the people and the country together than ever before, instead of further apart. This situation had developed greatly during the administration of the past ten years, and one of the most important factors in that development had been the protective tariff.

Ruling the Country
Premier Macleod said that taking off the tariff would rule the country. One half of the people in the country were to be taxed, and that one half of the people were already ruined.

They had no credit, and were selling for less than cost of production. The other half of the people had no money. These represented one million people whose purchasing power would be completely destroyed. What did Mr. Macleod call the Country? What was the tariff? The tariff was a tax on the people, and it would have shifted the burden of the country?

They were not out to destroy industrialism, but why not make adjustments on some kind of economic basis so that it could prosper to a reasonable degree?

Cause of Hard Times
It was the disparity in prices between the prices of the raw materials and the finished product that caused hard times. The present economic condition of the country resembles a leaning tower. That tower had got to fall. While the farmer suffered first the balance of the people would also suffer. How were the merchants of Strathmore, for instance, going to fare? They had to pay the tariff, but he believed one reason why this election had been brought on at the present time was that the Government wanted to get out before the collapse. If they had not done something, some one would have had to handle it.

A Fight Between Systems
So far as Alberta was concerned the issue was not the tariff, but a fight between systems. Present industrialism had grown out of the party system. The party system was played out. The people were against it. In the last provincial election, Calgary electors elected one old party candidate out of five Liberals and five Conservatives.

The farmers were offering something in place of the old party system, and so far as he knew were the only people who were offering something.

The Group Parties
The system they offered was that of organized groups. There was no organization in the political party, but the party machine, which had become a machine.

Mr. Wood proceeded to trace the history of Government from the primitive state of savagery to the present system of representative Government. The people even today had

developed no system of self government, but they were dissatisfied with representative government.

They were now going to begin the development of the highest form of government, the government of the mind, and that was self-government.

There was no organization of people in a political party, and there were no political groups. There was no strength in any group that was organized, and they were not organized with no money, and moved around by the winds of propaganda.

The only organized groups we had ever had until recently were the military groups. War was the only war that was ever fought, and that was because of the instinct of self-preservation.

Unorganized strength, even the bravest and the best, would not constitute an army.

To Destroy Causes of War

Thoughts had been drafted with the farmers, and the farmers were to be used to destroy the causes of war by making social matters right. That had to develop a method of dealing with the social problems that would be the best.

Not a single prime social question had ever yet been solved. The only groups developed efficiently were the photostatic groups and they had only been formed recently. The manufacturers had been formed.

The manufacturers had been formed, and the manufacturers or an order. So would the farmers and other groups.

The organized group had the advantage over the unorganized producer, and consumer. But the manufacturers were unable to organize their economic existence had to be affected.

A man's interest was necessary for the organization of a group. Another requisite was the driving force of competition.

Manufacturers Advancing Civilization

The manufacturers had devised a system of scientific competition against farmers, who shouldn't they? The Government had been asked to distribute credits and narcotics and the like to the people, and that was the cause these organized classes were a product of narcotics. The manufacturers in organizing a social group were advancing true civilization.

There were only four or five groups through parliament because they had only two groups in individuals to face, so that they wielded a strength out of all proportion with their numbers as voters. They got hold of the politicians and politicians had to effect results.

This had forced the farmers to exercise the same privileges of representation. They could build up a greater strength than the manufacturers by organization.

On Democratic Basis

The farmers' movement was on an absolutely democratic basis. Political action began with the Local. The people had to learn to take political responsibility for their actions. They could never learn that in a political party in a million years.

Criticism of Parties

Referring to the criticism of the farmers' movement, Mr. Wood said that in all the criticism he had received, he had never seen a single sentence of logic against the principles of organization, and he defied them to find any logical objection to the principles they proposed.

The final result of the mobilization

The final result of the mobilization

of the democratic forces, when such organization was perfected would be the battle between competition and cooperation, with the forces of democracy on the one side and plutocracy on the other.

The farmers could not be successful competitors with one another. Their progress to prosperity would be through cooperation. No one could save civilization but the people themselves, and they would do it by the organization of social groups.

Co-operation Between Labor and Farmers

Referring to the local situation, Mr. Wood said the farmers were co-operating with the Party. Farmers they were the only other organized democratic group. They were going to co-operate in this election on a basis of 100%. It would be futile to attempt to move the two groups or the two platforms.

Mr. Irvine was a Labor man, he had been working intimately with the farmers' movement. He was in sympathy with them. He thought they were the only group that had a candidate who understood the farmers' problems. He hoped they would support him as enthusiastically as they would a candidate of their own.

Must Take Economic Action

The main issue in this election was the formation of a social group, and the formation of a social group.

The tariff was wrong, but the tariff had already done its worst.

They were not going to get relief from political action only. Before they could get results they had to take economic action as well as intelligent political action.

A farmer selling a crop of oats that had cost him 40¢ per bushel to produce for 20¢ a bushel, to raise another crop at a cost of 30¢ was an anomaly, and he had to have intelligence in political action to get relief.

The immediate result of this election would mean little compared with what the farmers' organization could accomplish in the next ten or twenty years.

He concluded by telling Mr. Wood to address a wire to Thomas McLean, following which the National Anthem was sung and the meeting dispersed.

—

Edmonton, Alta.—The extraction of oil from the large area of the sandbank near Port McMurray is to be undertaken next spring by a company which has just been formed with a capital of \$1,000,000. Some of the best oil experts on the continent have been engaged in making tests of thousands and their results have resulted in increased confidence in final results.

The company owns six thousand acres and acres and has installed special machinery for the extraction.

—

Orton, Ont.—The last little chapter of being killed or injured traveling as a Canadian railroad.

According to figures just published, there was only one passenger killed in 1919 to every 14,620 carried, and one injured to every 12,800 carried.

Throughout the entire year there were only 35 persons killed and 372 injured. There were 162 employees killed and 1,201 injured.

Strathmore, Alberta, November 16th, 1921

AND DRURY IS RIGHT

Speaking at Port Perry, Ont., in behalf of the Progressive candidate in South Ontario, Premier Drury justified the manufacturers for refusing to take losses by unloading their stocks.

Recently Mr. Drury said he was in Brantford and was later visited by the mayor of that city who asked him what he could do for the unemployed. The mayor said the men were hard up and could not sell their goods. They are not very hard, said Mr. Drury. You and I produced goods last year produced cattle and wheat on our farms and as far as you and I were concerned could not sell our cattle at 15 cents a pound if we wanted to. The implement manufacturers, however, did not take even 10 cents. The implement manufacturers and their goods in warehouses and their men were unemployed, waiting streams.

ADVERTISING

(Editor and Publisher)

What is the largest amount of advertising ever carried by an American publication? So far as we have been able to ascertain, the record is held by "The New York Herald Tribune" of Philadelphia, which is the second largest newspaper of 1915, containing 6,000,000 words. 1915 contained 6,000,000 words. The Tribune's 1915 issue contained 150,000 words in a single page, 1916, 150,000 words in a single page, 1917, 150,000 words in a single page. Saturday Evening Post, every year, equaled its contemporaries with a record of over \$500,000 in four successive years in 1920.

A HARMLESS TYPE

The local golf organization, says the Drumheller "Mail," celebrated the close of the season by a luncheon and round table conference in which the virtues, humor and advantages of golf were discussed. The chief message of the evening was to the effect that golf is the coming game, and that it is well adapted to local conditions as proved by its popularity. The golfers had told out all the valiant and good things are being gained by its discipline.

It is a tribute to the progress of the age—despite the howls of the cantankerous—that this form of amusement is finding a place in the hearts of the people and that its volume is spreading so that its beneficial influence is affecting many who formerly took all the athletic amusement at second hand. The golfers have told out all the valiant and good things are being gained by its discipline.

It is a tribute to the progress of the age—despite the howls of the cantankerous—that this form of amusement is finding a place in the hearts of the people and that its volume is spreading so that its beneficial influence is affecting many who formerly took all the athletic amusement at second hand. It is a tribute to the progress of the age—despite the howls of the cantankerous—that this form of amusement is finding a place in the hearts of the people and that its volume is spreading so that its beneficial influence is affecting many who formerly took all the athletic amusement at second hand. The golfers have told out all the valiant and good things are being gained by its discipline.

The moral and ethical value of golf lies in the circumstances that it takes its devotees out in the open breathing the fresh air and giving them an opportunity to commune with nature. In Drumheller the golfer who drives out of an evening over the Rossdale Road, through the manicured grounds and beyond the pest house, will return physically and otherwise a different if not a better man.

Local Jottings

OF LOCAL INTEREST

Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcome and will be the Standard. Phone 17 or 68.

Nightgables people were considerably stirred up last week by the return of the band to play at the public hall on Thursday evening, but the minister was suitably arranged between the renters, though the question as to who has charge of the hall is being subjected to a thorough ventilation.

Mr. W. G. Kaye has been appointed registrar for Strathmore polling subdivision in the Federal Election. Strathmore held a very enjoyable evening in the Hall on Hall Street on Saturday evening last in celebration of Armistice Day. There was a large attendance and dancing was carried on till an hour.

Strathmore G.W.V.A. met last night to elect officers for the coming year.

In the fury of the General Election the annual town and School Board election should not be overlooked. The annual meeting will be held the first Monday in November. The nomination day is a week later, and the election the week following. After the stirring events of the past week or two there should be some interest manifested in the town's affairs.

Several business premises were burglariously entered one night last week.

An old country newspaper, which we have just received, gives an instance of something like the same thing that is happening here now. "At a meeting of Linseedcake Farmers' Union yesterday the case was brought up of a farmer who sent 200 bags of oilseed to a Canadian mill, each containing 26 lbs. They were sold for £15 0s 6d. Railway charges were £9 10s 9d; carriage £1 1s 4d; and commission £2 16s—a total of £15 16s 9d. The producer received only £12 10s 9d. The farmer said, 'see that it looks as if Canada is not the only place where the producer is getting the worst of it.'

A new address book writer is to be enclosed £2 0s 0d for the subscription to the Standard, as I like to read a local paper that is alive."

We have, in this issue, devoted more space to the campaign given to a public address to the speech of Mr. H. W. Woods, President of the U.F.A., on Saturday, because of the viewpoint he has presented. The reason we have done so is that Mr. Woods has indeed a good deal of clear, eloquent and exceptionally lucid ideas. It is evident that things cannot go on as they are. There has to be a way out. Speeches such as Mr. Woods' which contains material, logical and sound, are the problem of the present and as the author says, are unhappily rare. Mr. Woods is at present in the position of the apostle of a new idea, which is not understood by the people at large yet, and of which he is almost the only prominent exponent.

A cut of Strathmore Memorial Hall with a description, etc., appears in the Canadian Pacific. The Veteran simple to think that the rope here. At towards the flag was mailed to the most, though it was found impossible to get it to the top of the pole.

Mrs. Harold Wright and daughter Edith are at present on a visit to Strathmore, with Mrs. Wright's sister, Mrs. L. B. Odell.

By an oversight the names of several of those who contributed labor and time to the improvement of the grounds of the Memorial Hall were omitted from last issue. These were Messrs. John Schaubert, Stephen Korch, and J. J. Korch.

One local man was interested enough in the report of the finding of platinum near Stettler to go up and investigate, but he decided it was not a good enough proposition.

The Anglican Guild holds its annual bazaar and tea, etc., Saturday December 3rd, in the Opera House. The bazaar will be opened with a dance from 8 to 12. Christmas gifts and home cooking, after Fortune Telling, Candy, etc. 1611a

STOP PAYING FANCY PRICES FOR PHONOGRAHES

The "Beethoven Phonograph" is the latest to the highest price machine on the market, and only costs \$120.00.

The reason for this low price is when you buy a Beethoven you pay for the phonograph only, and not for the elaborate casing which is the case, in other machines.

With the "Beethoven" you get real value for your money.

Inspection invited.
Terms can be arranged.

THE STANDARD, STRATHMORE, ALBERTA.

KEOMA ITEMS

The Athletic society given by the boys turned out not as good as was expected, but everyone had a good time, and say, "We want a dinner."

Mr. E. Brown is taking over Petley's farm in the spring, and the latter is moving up to Olds.

The Song Service is still held in Keoma every Sunday evening at eight o'clock to practice new hymns. Everybody come.

Mr. H. McKay and family are moving into Carstairs this winter.

The U.P.W.A. meeting was spent at the home of Mrs. Holwile, and a most enjoyable time was spent there.

The Ladies Aid Meeting is to be held at Mrs. Burchett's on the 9th.

The U.P.A. and U.P.W.A. have a Hard Time Social evening on the 10th, and a great time was given to all, and we hope they will soon give another.

Everybody come and hear Rev. Irvine speak on the 12th at the Keoma Hall.

Mr. and Mrs. G. Wilson arrived home safely and are looking after their long vacation.

Mrs. L. J. McKay is spending the week end home with her parents here.

The regular U.P.A. meeting was held in Keoma Saturday evening.

Mrs. Holwile was given a linen shower last Thursday by the new Brides at the home of Mrs. Whitecarrick, who was hostess.

The most enjoyable time was spent that afternoon.

ARDENWOOD WEDDING

The marriage ceremony between Mr. George Hoyle and Miss Elsie Jones, with the Rev. Mr. Phillips officiating, was an out-and-out success; for the bride and groom, who had invited a number of the interested visitors to be present, there was quite a good shoving, and after the ceremony twenty seven down on the wedding cake, which consisted of a large spread of the most sumptuous and dainty dishes and pastries, the long table being beautifully laid out with a large and tastefully decorated wedding cake, in the centre opposite, at which the gay and smiling young couple sat down to partake of the dainty decorations and Elsie in a very becoming blue silk dress.

After everyone had partaken of the very numerous delicacies, and a few nice, well deserved refreshments in the evening, our very Rev. Mr. Phillips took his departure, after which the tables were dismantled and the floor cleared for a good time, which started in good earnest, with the more we participated with some very good recitations from Mrs. Jones, who has the reputation of being one of the best at reciting; Mrs. Jones, who by the way, is a son and veteran of Boer War days, was driving the party with some very good old songs.

The music was supplied by Mr. Fred Jones with guitar, piano, banjo and mandolin, Miss May Gohard also played the piano.

Turners, etc. over dancing started and kept going till the say old time of midnight, when coffee and cake, etc., was served, everyone being well pleased with the whole affair and particularly the dancing, turning and talking with all kinds in and singing "Should Auld Acquaintance Be Forgot," when the numerous guests took their departure.

The bride was the recipient of numerous presents. Mr. Jones and Mrs. Jones had a beautiful dinner service, Mrs. Freeman, a handsome picture, some very pretty hand-painted china from Mrs. Jim Gohard and a fine bouquet of flowers from Mr. and Mrs. Gohard; Miss Winstaff, Uncle Tom, Mr. Gohard, Miss May Gohard, Mrs. Whitehouse, Mrs. H. Sharman, Mrs. Seely, Mrs. Hoyle and family giving a very nice present, a pedestal giving a very nice present together with a show that the young lady was well thought of by the numerous neighbors throughout the town.

Turner News

The Basket Social held November 11, was very successful, quite a sum being realized for the piano fund, and the Turners, Parades, open Thanksgiving of his home.

Misses Jessie and Anne Fletcher spent a few days in Calgary.

Mr. Hoffman, of Calgary, is visiting the home of his daughter, Mrs. Johnstone.

The Turner Social Club is planning a number of social dances for the coming winter. Watch for dates.

CARSELAND NOTES

Mrs. Remmington, who has been in bed for some days with a bad cold, is able to around again.

On Wednesday, the 23rd, the Carstairs and District Lodge held their dance in St. Peter's Hall. There was good music and eats.

Don't forget the Ladies Aid meeting to be held in the church on Saturday afternoon, the 26th. Quite a number of both useful and fancy articles are to be had and a good sale is anticipated.

The poor storm of Sunday, the 27th made traveling a difficult matter the following week, and many cars gave place to the much despised buggy.

The livery barn is being treated to a coat of paint, and A. S. McKey the artist.

Mr. Irving, the Labour-Farmer candidate will hold a meeting in Carseland on the 16th, following a meeting at Dalemend on the afternoon of the same day.

Twins were born to Mr. and Mrs. McKey of three recently.

Despite of the very bad roads on Friday last, the Ladies Aid Supper in the church was a decided success.

Most of the time from 5:30 to 8:00 p.m. the church was full and business was brisk.

At the close the remains of the dinner were sold to the public for Thanksgiving were auctioned by Mr. Crumley, and helped to make up the entire proceeds of the evening to over \$700.00.

All the arrangements were simple and carried out by the ladies, and everything went off without a hitch.

On Saturday evening, the 12th, the Federal Political Campaign was opened in Carseland, with the appearance of Messrs. Duncan Marshall, and A. J. McArthur. The church was filled al-

most to capacity with a very interested audience, and all agreed that Mr. Marshall's oration was an effort did not exceed the sound talents.

On Saturday evening the 19th, Mr. McArthur held his audience for over an hour with a speech that was full of information as well as humor. Those present are awaiting somewhat impatiently the arrival of Mr. C. C. Edwards, who is to be the speaker on the 26th.

Mr. G. B. Lounsbrough and Ben Arthur have left on a two weeks' hunt.

Mr. C. C. Edwards left Monday evening for the mountains on other points.

Misses Leonard, Edwards, and Churchill have gone on a month hunting expedition up in the wilds of Western Canada. Good luck in sheep and lots of deer.

A. H. Hougham brought down 152 head of cattle to Orion Edwards the winter.

The Christmas concert has been dropped by our teacher but Miss Edna Schmitz and Mr. Herald Payne are thinking of taking it up. Luck to them.

Great Crail is feeling some what better after his operation.

Harry McKeage says he is having a terrible time to keep his car in Cheadle. Don't stand on the back steps so long Harry.

—

NIGHTINGALE NOTES

—

The ladies of St. Stephen's district are holding their annual bazaar on Thursday afternoon, November 26th.

Everyone please remember: All kinds of new things will be for sale including hats, dresses, bags, candy and home made jams, jellies, and fine quilts will also be offered for sale.

Proceeds will go to the banner up toward the building of the church.

The banner will be followed by luncheon funds will be had by a play entitled "Deacon Deibbles." This play is one screen of a scroll from beginning to end. The artists have their parts well in hand and the audience will be sure to have a good time.

All the arrangements were simple and carried out by the ladies, and everything went off without a hitch.

Mr. November 26th.

The Women's Institute meets with Mrs. Duncan this week on Thursday afternoon.

All members and friends please bring your darning needles and thimbles.

CHEADLE NOTES

—

Miss Kathleen Thomas of Cheadle, spent the week end with Miss Edwards.

Mr. G. B. Lounsbrough entertained the school girls last Thursday evening.

Mr. and Mrs. Edwards, who celebrated his sixtieth birthday, All reported a good time.

Mr. G. B. Lounsbrough and Ben Arthur have left on a two weeks' hunt.

Mr. C. C. Edwards left Monday evening for the mountains on other points.

Misses Leonard, Edwards, and Churchill have gone on a month hunting expedition up in the wilds of Western Canada. Good luck in sheep and lots of deer.

—

The Christmas concert has been dropped by our teacher but Miss Edna Schmitz and Mr. Herald Payne are thinking of taking it up. Luck to them.

—

Great Crail is feeling some what better after his operation.

Harry McKeage says he is having a terrible time to keep his car in Cheadle. Don't stand on the back steps so long Harry.

—

Edmonton, Alta. To encourage breeding cattle in the Edmonton district for the export trade, H. P. Kennedy, president of the Alberta Cattlemen's Association and an extensive shipper, is offering \$1,000 in prizes for the best finished cattle brought on the market in certain quantities. Mr. Kennedy has declared that Alberta cattle are in great demand and are wanted in any part of the world, and he is strongly in favor of finishing process being effected at home.

Women of Canada

"Ask from all the people of Canada an earnest review of the real issue before Canada today. I ask from men and women a calm, thoughtful consideration of serious public questions; and, as far as I am concerned myself, I ask not favors but fairness." —ARTHUR MEIGHEN.

WOMEN OF CANADA, the coming General Election will be one of the most momentous in Canadian history, and Arthur Meighen asks YOU to give the issue your earnest consideration.

Women and men are being called upon to decide whether political, industrial and economic stability is to be replaced by class rule, political and industrial chaos and possible economic bankruptcy.

The facts are clear, and every Canadian woman will do her own thinking. She will not be misled by others. She will not blindly follow family political precedent, neither will she be swayed by the false theories or empty "isms" of theorists and ex-traitors. Every woman will arrive at a personal decision by the application of practical common sense.

The great issue is the Tariff and here we briefly the facts.

The present Canadian Tariff, so far as it affects the necessities of life, is a very moderate one. It is simply a tariff maintained to keep Canadian factories in Canada, encouraging a steadily increasing volume of Canadian labor and developing Canadian resources.

Meighen stands firm for the continuance of a reasonable tariff. It is now even more imperative than in the past. All other important countries are retaining or increasing their tariffs in order that they may hold their home markets for their own people.

Under Crerar's Free Trade policy Canada would be swamped with foreign goods, principally from the United States, Canadian industry would be ruined, thousands of Canadian workers would be thrown out of work, their homes and their children that must result. The farmer's great home market would be seriously affected, taxes would be increased, and Canadian working men would have to go to work abroad.

While King's Tariff policy is sound, it nevertheless tends toward the destruction of the Tariff and would bring with it practically the same results.

MEIGHEN'S POLICY EVERYBODY KNOWS. It is the only means whereby confidence may be maintained and employment given to all classes of the people.

The foregoing is a plain statement of logical conclusions arrived at from the facts. Think the matter over carefully, "without favor but with fairness".

Make your own decision, stand by it unmoved and be sure to exercise your vote.

Canada Needs Your Vote; and—

Canada Needs Meighen
